

Netlist To Present At The Susquehanna International Group's Fifth Annual Semi, Storage & Technology Conference

March 3, 2016

IRVINE, Calif., March 3, 2016 /PRNewswire/ -- Netlist, Inc. (NASDAQ: NLST), a leading provider of high performance and hybrid memory solutions for the cloud computing and storage markets, today announced that C.K. Hong, Netlist's Chief Executive Officer will participate in a fireside chat on emerging trends in High Performance Computing (HPC) and next generation Cloud and Memory technologies at the Susquehanna International Group's Fifth Annual Semi, Storage & Technology Conference in New York City on March 10, 2016 at 9:40 a.m. ET/ 6:40 am PT.

The fireside chat will focus on the constantly changing storage market and the emerging trends in next generation Cloud and Memory technologies and HPC. The discussion will also explore solutions for better identification of risks to emerging technologies and what new technologies could be adopted by the industry.

A live broadcast and replay of the presentation will be made available to the public via audio webcast, which can be accessed by visiting the investor relations section of [Netlist's corporate website](#). The webcast will be archived for ninety days.

Investors attending the conference, who wish to meet with Mr. Hong and/ or attend his fireside chat, should notify their Susquehanna representative.

About Netlist, Inc.

Netlist creates solutions that accelerate turning data into information. We design and manufacture controller and software-based memory solutions for our OEM and Hyperscale customers in the server and storage space. Flagship products NVvault® and EXPRESSvault™ accelerate system performance and provide mission critical fault tolerance. HyperVault®, Netlist's next-generation architecture, expands the performance and capacity of memory channel storage. The company holds a portfolio of patents, many seminal, in the area of hybrid memory, rank multiplication and load-reduction, among others. To learn more, visit www.netlist.com.

Safe Harbor Statement:

During the course of this presentation, we will make forward-looking statements regarding future events and the future performance of the Company. A forward-looking statement is neither a prediction nor a guarantee of future events or circumstances and is based on currently available market, operating, financial and competitive information and assumptions. Forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from those expected or projected, including, among others, risks associated with the launch and commercial success of our products, programs and technologies; the success of product, joint development and licensing partnerships; continuing development, qualification and volume production of HyperVault™, EXPRESSvault™, NVvault®, HyperCloud® and VLP Planar-X RDIMM; the timing and magnitude of the continued decrease in our sales; our ability to leverage our NVvault® and EXPRESSvault™ technology in a more diverse customer base; our need to raise additional capital and our ability to obtain financing when necessary; the rapidly-changing nature of technology; risks associated with intellectual property, including patent infringement litigation

against us as well as the costs and unpredictability of litigation over infringement of our intellectual property and the possibility of our patents being reexamined or reviewed by the United States Patent and Trademark office and the Patent Trial and Appeal Board; volatility in the pricing of DRAM ICs and NAND flash; changes in and uncertainty of customer acceptance of, and demand for, our existing products and products under development, including uncertainty of and/or delays in product orders and product qualifications; delays in our and -our customers' product releases and development; introductions of new products by competitors; changes in end-user demand for technology solutions; our ability to attract and retain skilled personnel; our reliance on suppliers of critical components and vendors in the supply chain; fluctuations in the market price of critical components; evolving industry standards; the political and regulatory environment in the People's Republic of China; and general economic and market conditions. Other risks and uncertainties are described in our annual report on Form 10-K filed on March 27, 2015, and subsequent filings with the U.S. Securities and Exchange Commission we make from time to time. Except as required by law, we undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.
